Carthamus tinctorius, Epimedium brevicornum

Feet Soles Massage Cream

The feet are one of the most hardest working parts of the body. It supports whole body and bears the mission of mobility. But one often neglects to take good care of it. There are six meridians, 60+ acupuncture points and 70+ reflection areas on our feet. When the blood flow into the heel is not enough, it makes walking uncomfortable. Keeping healthy body starts with taking strong care of the feet. The Feet Soles Massage Cream completely relaxes your feet, from sole to instep, enables easy and refreshing walk everyday.

Feet Soles Massage Cream

Annoying plantar fasciitis

When getting up in the morning with your feet on the ground, Wow! Terrible, the heel pain is like being poked with a needle, unable to set feet on the ground. After sitting for a while, unable to stand immediately either. If walk a little far, feet will be so painful that can't walk anymore. Every step is suffering. Life becomes miserable.

Feet Soles Massage Cream

Heel pain after childbirth

If a woman suffers kidney energy deficiency, overall loss of vitality after childbirth, and often goes barefoot exposing heels, and wears hard-soled shoes/high heels, as a result, the already weak foot muscles do not get rest, which can easily lead to heel pain.

We target the aspects of general plantar fasciitis and postpartum heel pain. Due to excessive use of the feet, it weakens feet, unable to get enough rest and nourishment, we provide herbal energy for nourishment.

Feet Soles Massage Cream

Direction of use

Apply 2-3 times daily. For better absorption of massage cream, suggest to removing horny tissue of the foot soles before application at the first time.

Do a little kneading after applying massage cream, then put on socks to keep warm after the cream being thoroughly absorbed by the skin.

Even you'd already felt completely recovered from discomfort after use, do keep on using up the whole bottle in order to maintain stability, and to prevent recurrence.

For good care of your feet, suggest taking more rest, no climbing, no long standing or walking, no drinking and no having sex during use.

People become aging at the beginning of old feet. Feet care takes precedence over health care.

Take just 5 minutes each time to apply for good cares of your health and beauty, and any person can easily handle it.

Passed SGS Test.
