

# Poof Balm

Gout Relief Cream, Epimedium

*Unfettered*

*Agile like wind speed*

*Have you been eating too much fish and meat, drinking too much beer?  
Have you experienced unbearable pain even just with a light breeze passing by?*

Poof Balm can immediately relieve the discomfort caused by the passing wind, make you feel relieved, clear blockages in the body, regain the joy of normal activities. Feel instant relieved and resolved from hand and foot pain as if being bitten by the devil, restoring natural comfort. Rubbing the cream for half a minute each time, so easy for everyone to operate including children.

*Increase kidney function*

*Reduce uric acid*

# Poof Balm

Use the energy of natural plants to immediately relieve the pain of gout, maintain, reduce uric acid, and increase liver and kidney function.

## **The key to gout is to get rid of toxicity of urine**

As Kidney filtering function weakens, extra acid toxins in the blood can't be eliminated. They flow with blood circulation in the body. So not only do gout patients have to change their eating habits, the key is really to restore the kidney function, hence enhance filtering efficiency and eliminate acid toxins from the body to prevent the disease from recurring.

# Poof Balm

## **Continuous use daily**

increase metabolism, blood circulation and kidney function.

## **When Gout attacks**

Immediately relieve the pain, maintain, and reduce uric acid.

## **The only one in the world**

**Immediately relieve pain, maintain and reduce uric acid**

Those with poor liver and kidney function (symptom: lower temperature of the hands and feet than normal), pain can't be relieved when used for gout. The Metabolic process is no longer efficient due to weak liver and kidney function. At this time, use Poof Balm to rub the Yongquan point in the morning and evening. With the principle of increasing metabolism, it quickly eliminate the uric acid crystals accumulated on the joints. By improving the functions of the liver and kidney, it enables the metabolic process resolving the pain problems of Gout.

Main function : Improve metabolism, speed up blood circulation

Main purpose : Reduce blood uric acid

Gout attacks : Quickly relieve the pain
