

Advantage

- Full automotive product line coverage.
- Direct OEM fitment. Over 20,000 + cross reference.
- Sensors' parts and raw material sourcing from OEM suppliers.
- 13 month warranty from dispatch.

Quality

- 100% product inspection from in-house designed quality control equipment that calibrated by SGS and CLS.
- Patented know how of processing the core ceramic element to achieve excellent signal response.
- Every sensor checked with function and sealed test before dispatch.

Service

- Shipment consolidation flexibility
- Custom packaging and bulk protection
- Tailored instruction manual
- Private labeling and barcode available
- Product engraving and laser imprint available

Wideband

- European & American cars
- 5 wires
- Pre-catalytic converter
- Direct fit

WB

Air Fuel Ratio

- Japanese cars
- 4 wires
- Pre-catalytic converter
- Direct fit

AF

Planar O2

- For all cars
- 1 ~ 4 wires
- Pre-catalytic converter & Post Catalytic converter
- Direct fit & Universal fit

PS

Motorcycle Oxygen Sensor

SE

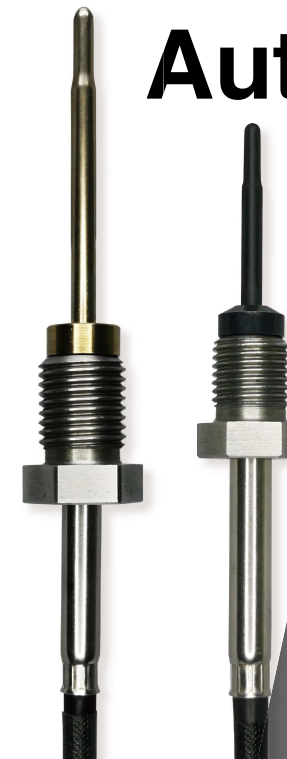

Oxygen Sensor

Automotive

Automotive Exhaust Gas Temperature Sensor

For Diesel engine
& Turbocharger

25 Years Professional Manufacturer O2 SENSOR

Ceradex headquartered in Taiwan, is one of few oxygen sensor manufacturer with self-developed core ceramic sensing element capability. Started from Zirconia formula research, press-forming and multi-layer stacking process, Ceradex can provides full range of oxygen sensor types, including thimble/conical O2 sensor, planar O2 sensor, air fuel ratio sensor, and wideband O2 sensor.

With 25 years of experience developing and producing Oxygen Sensor, CERADDEX has proven itself to be at the forefront of oxygen sensor technology in the aftermarket sector, and the trustworthy supplier that seeks growth cultivation with its clients in over 50 countries worldwide.
